Personal Safety

Introducing **Virtual Learning** from **The Stay Safe Initiative CIC**

To adjust to the ever changing way people work, learn and communicate, we have also made changes in how we are able to reach our audience.

Our **live virtual presentations** now allow us to reach schools, young people and parents everywhere regardless of location.

These live, fully interactive virtual sessions can be delivered either straight into the **classroom**, or for pupils and parents at **home**.

These virtual, live sessions are currently covering all of our **Internet Safety** and **Anti-bullying** sessions, as well as our **Stay Safe Mentor** training.

Ranging from early years in primary, all the way through to secondary and beyond (including parent and carer sessions).

Always run in a safe, secure environment for all attendees and can be delivered on a range of virtual digital platforms.

Not just ticking boxes

The Stay Safe Initiative are here to do so much more than just tick boxes.

It's essential to us that our audience have the opportunity to gain as much valuable help and advice as possible.

That's why our sessions are always **LIVE and **FULLY INTERACTIVE**.**

This allows all attendees to ask as many questions and be fully involved throughout regardless of how we are reaching them.

Internet Safety

Helping young people of all ages to safely navigate themselves through their ever growing digital lives.

Whether it's through games, social media, using mobile phones or just simply browsing the internet.

Anti-bullying & Friendship

We help young people to understand what bullying is and why it happens. Giving them the tools and confidence, not only get help for themselves, but also how to support each other and rebuild strong long lasting friendships.

Building Relationships

We are always looking to go that extra mile for our audience.

We're always keen to build strong, long lasting relationships with every school or group we work with.

This not only allows us to cater for their individual needs as time moves forward, but more importantly we are able to make ourselves available to provide free follow up support if needed.

That could be helping a pupil that forgot to ask a pressing question during a session, or helping a parent seeking additional advice..... **we're always going to try our hardest to help.**

Feedback & Testimonials

Please take a look at what the people we work with have to say about us and our valuable work.

Flexible Bookings

Due to the current Covid-19 situation and the ever changing landscape regarding restrictions, we have decided to make all our bookings 'flexible' to meet the needs of each individual school.

This means, if an on location booking date needs to change or switch to a virtual session, we are more than happy to adjust accordingly.

This will allow everyone to still benefit from our valuable sessions regardless of government school guidelines.

What's the cost?

Please find below costing for all of our virtual sessions.

Bespoke packages can be arranged on request to fit any specific needs and requirements .

60-90 mins presentations

£200
