The Stay Safe 3 Peak Challenge

This challenge involves completing 3 acts of kindness and can be taken on by anyone in school.

You will have 3 weeks to complete all 3 challenges.

The STAY SAFE! Initiative.org.uk

1

Mount Happy!

To complete this challenge you will need to make someone in another class laugh out loud.

Laughter is contagious and making others laugh will spread happy vibes around the school.

2

Mount Help!

To complete this challenge you will need to offer help to either a member of staff or someone in another class.

Taking time to help others, sets a great example to those around you.

3

Mount Play!

To complete this challenge you will need to spend a break time playing with someone in another class or year group.

Playing with others promotes equality in the playground and is a great way of expanding your friendship group.

The Stay Safe 3 Peak Challenge

To take part in this challenge, ask a Stay Safe Mentor to get you a challenge form for you to log your completed challenges on.

You will have 3 weeks to complete all three elements.

You will then receive a certificate!

Both shown on the next 2 slides
